

YES THE WORLD'S IN A MESS... BUT WE EACH CAN HELP RESTORE IT'S BALANCE!

There are those who work to keep you and everyone else fearful, angry, and hopeless. But that's not the world we're all capable of creating!

This month's ***Soul Talk Channeled Series*** will help you learn how to harness the power and peace of your Soul and Mother Earth. Why? So you can navigate these turbulent times with greater wisdom and peace, while also helping humanity find its way to healing and balance. As always, the ***In-Spirit Team*** will welcome your questions. Come create with us!

This ***In-Spirit Team*** of five spirit guides knows us, cares for us, and is working particularly diligently in these times to help humans self-awaken and self-empower.
